success.

About me

A dedicated Master's student in Computer Science (MSCS) with a strong focus on Artificial Intelligence, Big Data Analytics, and Generative AI. Possesses a solid foundation in advanced algorithms, machine learning, and data processing methodologies. Experienced in IT support, ensuring the smooth running of business-critical systems, and trained in digital media design. Committed to leveraging technical skills to solve complex problems and contribute to innovative projects.

Work experience

IT support officer | i3 Pathfinder Solutions Pvt. Ltd. | 17/07/2023 - 30/09/2024 | Shikarpur, Pakistan

Provided first and second-level IT support to terminal operations staff, ensuring the smooth running of business-critical systems.

Installed, configured, and maintained servers, workstations, CCTV systems, handheld devices, and printers.

Monitored and troubleshooted terminal automation systems (TAS) and ERP applications used in oil storage and dispatch operations.

Ensured secure connectivity for loading racks, weighbridges, tank gauging systems, and gate access control systems.

Implemented data backup, recovery procedures, and user access controls in compliance with safety and security protocols.

Coordinated with vendors for system upgrades, network reliability, and cybersecurity audits.

Digital media designer | Dolphin Bakers | 23/10/2019 - 30/09/2023 | Sukkur, Pakistan

Developed and executed social media content strategy to promote products and seasonal offers.

Managed official pages on Facebook, Instagram, and TikTok, ensuring consistent brand voice and attractive visuals.

Designed engaging posts, reels, and stories using Canva/Photoshop to boost customer engagement.

Planned and ran paid ad campaigns targeting local audiences, improving footfall and online orders.

Student support officer | Halar Institute of Emerging Technologies | 01/08/2018 - 30/07/2019 | Sukkur, Pakistan

Coordinated academic and training programs, ensuring smooth implementation of organizational objectives.

Taught English as a Second Language (ESL) and Microsoft Excel courses to students.

Developed lesson plans, classroom materials, and interactive activities to improve student engagement.
